Meet the 2026 Trustees

CAROLINE GIBSON - PRESIDENT

Caroline has lived in this community on and off since 1985. She and her husband purchased her parents home and enjoy the peacefulness that comes from this loving and caring community as well as the amenities of the park, pool and trails.

She brings with her a strong background in finance and leadership and enjoys giving back to the community to include leading the neighborhood "Letters from Santa".

Caroline's objectives for the board are to bring additional safety to our community, identify more ways for our neighbors to gather, create content that can help make the transition to new board members easier, and be a listening ear to issues raised by our neighbors.

PETE NELSON – VICE PRESIDENT

Pete has lived in this wonderful community for the past 24 years and is deeply committed to helping our neighborhood and all of our residents.

As part of his role, he will lead and organize our Halloween parade and coordinate the snacks for the event.

He looks forward to working together to make our community an even better place to live

RICKY WYATT - TREASURER

Ricky Wyatt grew up in the Huntington Hills area of Chillicothe and never expected to find himself living in a neighborhood with the same name years later. A proud Ohio University Bobcat, Ricky works as an electrical engineer supporting electric utility infrastructure projects across the region.

When he's not working, Ricky enjoys gardening, tackling DIY home improvement projects, and pursuing lifelong learning. He and his wife, Julie, a special education teacher and lifelong Notre Dame fan.

Ricky values the strong sense of community that makes Huntington Hills a wonderful place to live and looks forward to meeting more of his neighbors through community events and activities.

HOLLER ~ SUMMER 2026

JUAN CARABALLO-TORRES – CORRESPONDING SECRETARY

With over 20 years of military service, Juan brings a strong background in leadership, logistics, strategic planning, and organizational management to his role as Correspondence Secretary. As a certified Six Sigma Black Belt with project management training, he values clear communication, accountability, and teamwork.

He looks forward to using his experience to serve our residents and help strengthen our community.

REBECCA ODEN – RECORDING SECRETARY

Rebecca and her family moved in last year after her husband completed his career in the Army. She enjoys traveling, baking and trying to keep plants alive.

She has spent the bulk of her career in human resources and enjoys working with people, writing policy, researching legislation and coaching junior staff in their career development.

Rebecca's objective is to ensure the community feels supported and help preserve the board's records.

Architectural Control Committee Spotlight

THE ARCHITECTURAL CONTROL COMMITTEE'S membership is composed of three to five community members who are appointed by the HHCA board each year. Their main objective is for the benefit of Huntington Hills to enhance property values and the attractiveness of our subdivision.

This committee's guidelines are designed to uphold the community standards that contribute to a cohesive and aesthetically pleasing neighborhood environment. By adhering to these guidelines, residents help ensure that all modifications and additions to properties are harmonious with the neighborhood's existing character. This not only maintains but also enhances property values for all homeowners.

The Architectural Committee reviews requests for new construction, driveways, fences, gazebos, sun shelters, children's playhouses, greenhouses, and roof replacements.
